Gig-ready

Hardware + SaaS

Glassear One® Viewer

one-time **hardware**

- Schools & conservatories
- Independent musicians
- Works with the user smartphone.
- Low cost solution

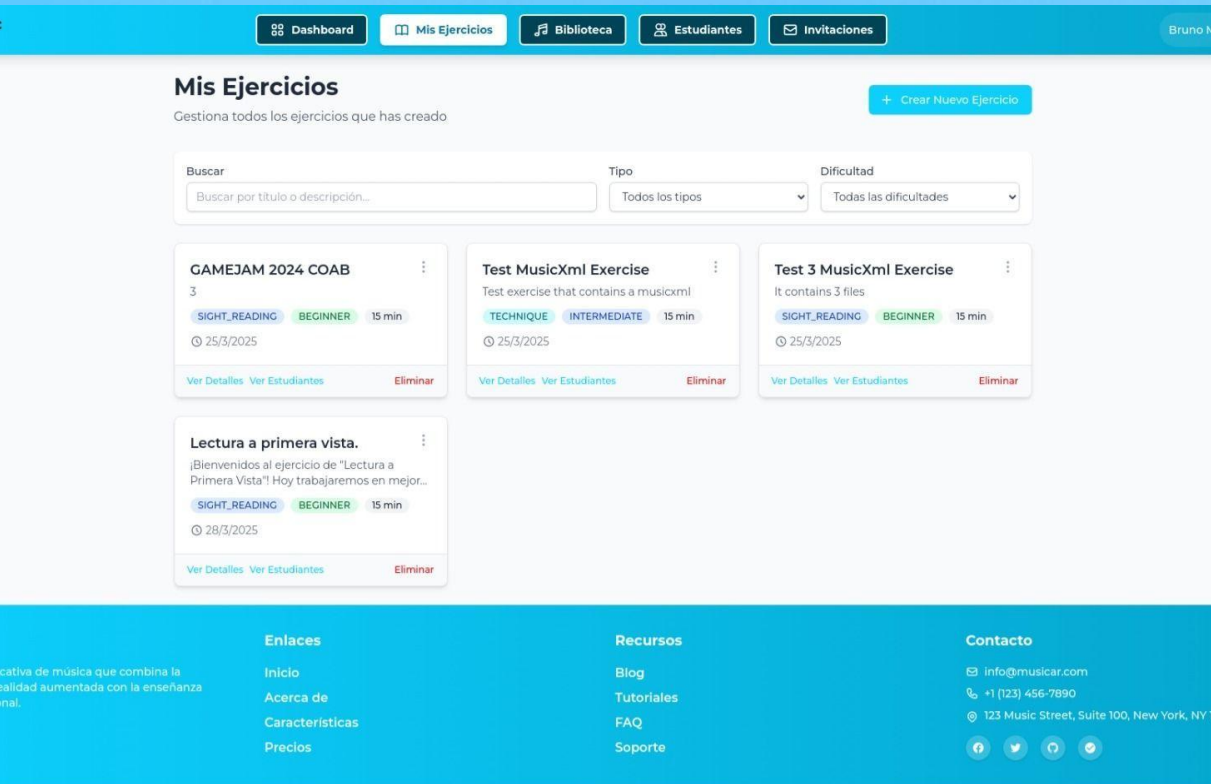

GlassMusic Platform

subscription **SaaS**

- Music Sheet Storage
- AI Enabled Assistance
- Licensing Opportunities
(Individual and group licensing options)

For Teachers: Empower your students, simplify your setup

Teachers

- Use the web platform to assign exercises.
- Sync lessons, assign scores, track progress

GlassMusic as a SaaS solution adapts to each user's workflow — from classrooms to concerts.

For Students: Practice smarter, not harder

Lectura a primera vista.

Lectura a primera vista Principiante 15 minutos

Comenzar Práctica

Descripción

¡Bienvenidos al ejercicio de "Lectura a Primera Vista"! Hoy trabajaremos en mejorar tus habilidades de lectura a primera vista utilizando la famosa partitura de piano, The Entertainer.

Instrucciones

Prepara tu Espacio:

Asegúrate de que tu piano o teclado esté configurado en un lugar tranquilo y sin distracciones.

Coloca la partitura en el atril de manera que puedas verla claramente.

Entiende la Partitura:

Echa un vistazo a la partitura para familiarizarte con la estructura, la tonalidad y las indicaciones dinámicas.

Recuerda que este ejercicio es de práctica —no buscamos la perfección.

Inicia la Lectura a Primera Vista:

Comienza a tocar la pieza desde la primera nota. No te detengas para corregir errores;

Partitura

The Entertainer

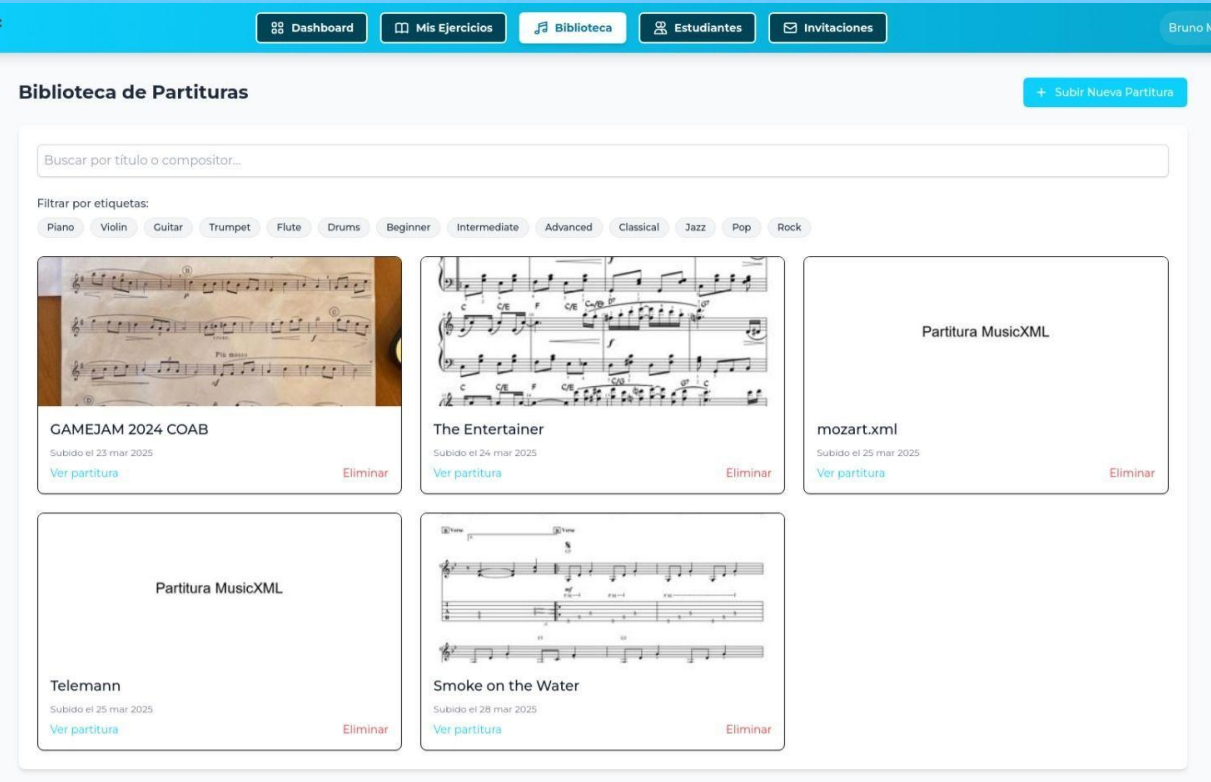

Scott Joplin

Moderato (♩ 70 bpm)

-  **Students and amateurs.**
- Visual feedback, portable practice, auto-follow

GlassMusic as a SaaS solution adapts to each user's workflow — from classrooms to concerts.

For Pros: Perform anywhere — no stands, no clutter

Professional musicians.

- Gig-ready mobility, real-time score adjustment, no need for tablets or stands

GlassMusic as a SaaS solution adapts to each user's workflow — from classrooms to concerts.

Classroom use case (simple flow)

A seamless connection between **teachers**, our **cloud platform**, and **Glassear® augmented reality** headsets for **students**.

Professor's Dashboard

Teachers manage students, assign exercises, and review progress through our intuitive web interface.

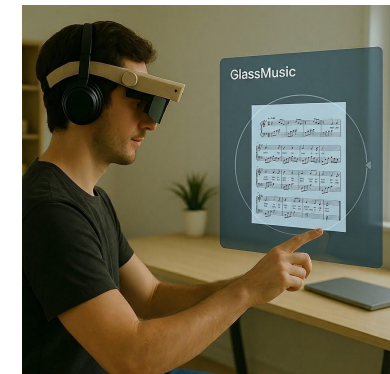

Cloud Platform

Our secure cloud infrastructure connects teachers and students in real time.

AR headset

Students receive assignments and guidance in real time through their Glassear® headset.

Why now?

Technology convergence creates the opportunity.

XR Hardware Adoption

20 % CAGR

Headsets are normalizing

Music & EdTech Growth

18 % CAGR

Digital music learning is accelerating

Smartphone Penetration

90%+

The hardware is already in your pocket
